The residence permit for the recognition of foreign professional qualifications is limited in time. It is issued for up to 24 months and can be extended for a maximum of 3 years.

You must have the language skills corresponding to the qualification measure, usually A2. In individual cases, lower language skills may also be sufficient if, for example, further language acquisition is part of the qualification measure.

If your qualification measure mainly takes place in a company, the Federal Employment Agency must usually give its consent.

With your residence permit for the exercise of foreign professional qualifications, you may work up to 20 hours per week independently of the qualification measure.
