Teaser	You can have your residence permit extended for the purpose of carrying out a qualification measure for the recognition of your foreign professional qualification before the expiry of its period of validity if you fulfil certain conditions for this purpose
Volltext	<p>The residence permit to carry out a qualification measure is a temporary residence title. You can apply for an extension of the residence permit if the qualification measure(s) has/have not yet compensated for the identified deficits of foreign qualification, e.g. because you have to repeat an examination or the examinations are preceded by long waiting periods.</p> <p>The same requirements apply to the extension of the residence permit for the purpose of carrying out a qualification measure as to the granting of the residence permit. In particular, your livelihood should be secured for the entire duration of the qualification measure(s).</p> <p>In the case of an extension, your residence permit will be limited again. The residence permit for the purpose of carrying out a qualification measure can be extended by six months. However, the total duration of stay for the purpose of carrying out the qualification measures may not exceed two years.</p> <p>As a rule, the residence permit cannot be extended if this was already ruled out when the residence permit was issued or last extended.</p>
