Volltext	<p>You can apply to have the hereditary building register corrected if there is an inaccuracy in the land register. This is the case if the person entitled to the heritable building right has changed and the true heritable building right holder is not yet apparent from the heritable building register, e.g. in the case of an inheritance. This does not include cases where there has merely been a change of name (e.g. due to marriage).</p> <p>Further documents must be submitted to the relevant land registry office with the application. If the land registry considers the land register inaccuracy to be proven, the land register entry will be corrected accordingly.</p>
Erforderliche Unterlagen	<ul style="list-style-type: none"> • written application for registration, if necessary in publicly notarized or publicly certified form, if the application also contains the consent of the true leaseholder (see below) • Publicly notarized registration approval of the person wrongly registered as the person entitled to the hereditary building right (so-called book beneficiary) or Proof of incorrectness by public or publicly notarized deed • Publicly notarized or publicly certified consent of the true leaseholder or the true leaseholder to be registered or Proof of inaccuracy by public or publicly notarized deed or Application by an enforcement

Sachverhalt

creditor who is the holder of an enforceable title against the true beneficiary, together with submission of the corresponding title and proof of the inaccuracy in the land register by public deed

Voraussetzungen

For the correction of the hereditary building register, an application for correction must be submitted by you or the certifying notary. The correction of the entry of the heritable building right holder will be made if all the necessary documents have been submitted in the correct form and there are no obstacles to entry.

Kosten

min. EUR 15 - max. EUR 26,585 (with a maximum transaction value of EUR 60,000,000): The land registry generally charges a full fee for the corrective entry of a heritable building right holder or a heritable building right holder. The specific amount of the fee depends on the transaction value (value of the heritable building right).

However, the fee for registration is not charged if the heir or heirs of the registered hereditary building right holder submit the application for registration to the land registry within two years of the inheritance.

In addition to the costs for the work of the land registry, costs may also be incurred for the work of the notary in accordance with the German Court and Notary Costs Act (GNotKG). Please ask the notary working on your case for the amount of the notary fees.

Verfahrensablauf

You must apply for the entry at the land registry. If any registration documents are to be certified or notarized by the notary for the entry of the correction, the notary will usually apply for the correction at the land registry.

- The documents required for registration are checked by the responsible judicial officer at the land registry.
- If documents are not complete or not in the correct form, the competent judicial officer will inform the notary or you in writing and request the submission of the missing documents or documents in the correct form (publicly certified or notarized form).
- If all the necessary documents have been submitted,
