Volltext	You must always apply for approval from the Federal Office of Economics and Export Control (BAFA) if you wish to offer armed services with the aim of pirate defense on seagoing vessels flying the German flag or if your company is based in Germany. Before BAFA issues the license, it checks together with the Federal Police whether your company meets the licensing criteria. You must then ensure yourself that the guards deployed meet the requirements in terms of reliability, suitability and expertise.
Erforderliche Unterlagen	• Documentation of the operational organization • Process manual for the procedures • Service instructions • List of the equipment used by the security company • Documents proving the reliability, suitability and expertise of the person responsible in the company, including the certificate of good conduct or an equivalent foreign document in German or, if applicable, in a certified translation • Proof of liability insurance • Company profile with a description of the market position of the security company in the maritime security sector • Extract from the commercial register or a comparable foreign document

Hinweise

In addition to the license, you require a weapons permit in accordance with Section 28a of the Weapons Act for the armed guarding of seagoing vessels flying the German flag. This is issued by the Ministry of the Interior and Sport - Weapons Authority - of the Free and Hanseatic City of Hamburg.

If your guarding company is based in Germany and you wish to carry out guarding duties with weapons on seagoing vessels under other flags, a weapons permit may be required from your local weapons authority.

If you wish to export weapons and equipment subject to licensing from Germany in order to carry out guarding activities, you must apply for an export license from the Federal Office of Economics and Export Control.

Please refer to the information and further links on the [website of the Federal Office of Economics and Export Control.](https://www.bafa.de/DE/Aussenwirtschaft/Seeschiffbewachung/seeschiffbewachung_node.html)
