Modul

Sachverhalt

Subsidies for the purchase of a motor vehicle and for a driver's license depend on your income level. The Agency for Employment will pay the full cost of any additional equipment required for a disability.

When purchasing a motor vehicle, you will receive a maximum of EUR 22,000 of the purchase price. An exception exists if you absolutely need a motor vehicle with a higher purchase price due to the nature and severity of the disability.

Alternatively, you can also receive subsidies for transportation costs within the framework of the hardship regulation. As a rule, there is a personal contribution.

Work assistance

Are you able to participate in working life, but need assistance with your employment due to your disability? Then work assistance helps you to fulfill your professional duties.

The work assistance goes beyond occasional handouts. It is a regularly recurring support of severely disabled people in terms of time and activity. You must perform the actual work yourself. Short-term and irregular assistance is not covered.

The aim of the benefit is for you to obtain a job that is subject to social insurance contributions. The costs of the work assistance are covered by the responsible rehabilitation agency for a period of up to 3 years. You also have this overall entitlement in the event of changing jobs. If you still require job assistance after the maximum funding period has expired, the Integration Office is responsible as part of the accompanying assistance in working life.

However, in order to simplify the administrative process, the integration offices take over the execution of the benefit from the beginning.

- to increase safety on the way to work or at the workplace.

Aids include, for example, orthopedic safety shoes or orthopedic foot protection if they are required exclusively for activities in a specific occupation or occupational training.

You or a person required to accompany you must travel to an educational event or to present yourself at a new job. And this is only possible during normal working hours? Then you or your companion will be compensated for any loss of earnings.
