- Special feature for exit summary declaration: For exports by air or sea, you must lodge the exit summary declaration at the customs office of exit in whose district you load the goods onto the cross-border means of transport.
- Specificity for the entry summary declaration: If an aircraft is to fly to more than one airport in the customs territory of the Union or if a ship is to call at more than one port in the customs territory of the Union without a stop at an airport or port outside the customs territory of the Union, you have to lodge the entry summary declaration for all goods carried at the customs office at the first (air) port in the customs territory of the Union.
