Teaser	Are you registered as an operator of unmanned aircraft (UAS) in an EASA member state other than Germany and would like to operate a UAS in the "special" operating category in Germany? Then you need a permit for this.
Volltext	You apply for approval from the German Federal Aviation Authority (LBA) and receive it if you meet one of the two requirements: • The aviation authority in your country has already granted you an operating license for your country or

Modul

Sachverhalt

• You have the Light Unmanned Aircraft Operator Certificate (LUC) including the right to add a new operating area independently.

EASA establishes and monitors uniform safety and environmental standards for civil aviation at European level.

Erforderliche Unterlagen

- Application form
- Operating license
- File with the coordinates of the operating area
- File with risk mitigation measures

if an authorization as LUC is available:

- Application form
- Simplified operator certificate (LUC) with scope of approval
- File with the coordinates of the operating area

if you are submitting the application on behalf of another person, for example a minor:

- Power of attorney

if you are applying for the operating license by post, you will need the following for authentication purposes

- for natural persons:
 - identity card
 - Passport or
 - residence permit, in each case as a copy
 - for legal entities:
 - Extract from the commercial or association register
- with
- copy of identity card or passport and

Modul	Sachverhalt
	• Signature of an authorized representative
Voraussetzungen	• You live in an EASA member state other than Germany. • You are registered with your national aviation authority as a UAS operator. • You have • an operating license for the "special" operating category, issued by your national aviation authority, or • a simplified operator certificate (LUC). • the flight of your UAS does not correspond to any of the standard scenarios. • Your UAS operation is assigned to the "special" operating category. This is the case • as soon as a condition of the "open" operating category is not met and • none of the criteria of the "subject to approval" operating category apply. Note: The conditions that apply to the "open" and "subject to approval" operating categories can be found in Article 4 and Article 6 of Implementing Regulation (EU) 2019/947.
Kosten	Gebühr: 100€ - 500€ Fee for issuing an operating license https://www.gesetze-im-internet.de/luftkostv/anlage.html
Verfahrensablauf	You can apply for your UAS operating permit for the cross-border operation of a UAS in the "special" operating category online or by post • Call up the online application on the federal portal verwaltung.bund.de. This will guide you step by step through the necessary information. • Upload the required documents and submit the application. Alternatively, you can print out the completed online application and send it to the LBA by post together with the documents. • The LBA will check your application. • You will receive • a fee notice and

Modul	Sachverhalt
	• an operating license or • a rejection notice. • You pay the fees.
Bearbeitungsdauer	2 - 8 Woche(n)
Frist	1 Monat(e)
