Teaser	If you receive Citizen's Allowance and would like to improve your ability to take up and carry out activities on the labor market, you can take part in a work opportunity.
Volltext	If you receive citizen's allowance, you can apply to the Jobcenter to take part in a work opportunity. The job opportunity is intended to enable social participation in working life and support your entry into the general labor market in the medium term. You will be supported by an instructor. The activities to be carried out must be additional, non-competitive and in the public interest. A work opportunity can only be considered if your integration into the labor market cannot be achieved with other benefits. Assignment to a work opportunity can last up to 24 months if there are appropriate reasons. The work opportunity can then be extended by a further 12 months. In addition to your citizen's allowance, you will receive an additional allowance, for example for additional travel costs or work clothing. You are insured against accidents through the provider of the measure. Please note that you have no legal right to be assigned to a work opportunity. The Jobcenter will decide whether you can take part in a work opportunity.
