Teaser	
Volltext	If necessary, the operator of an installation must commission an expert to carry out safety-related tests and tests of safety-related documents. This expert must be notified by the competent authority of a country. The expert may be authorised to carry out the test only if he meets the requirements. These include: • required expertise • Independence • Reliability • Technical equipment The notification is always made by the competent authority of the country in which you as the applicant have your place of business. The announcement is
