Sachverhalt

Some universities have outsourced the checking of foreign certificates to external service providers, for example uni-assist e.V. This may incur costs.

****Private universities and vocational academies****

Applicants with foreign educational certificates may only study at a private university or university of cooperative education if their educational certificates are recognized as equivalent to a German university entrance qualification.

For admission to a course of study at a private university, state-recognized vocational academy or university of applied sciences in Hesse, the Hessian Ministry of Science and the Arts examines and evaluates the equivalence of the foreign educational certificates.

The foreign educational certificates must be submitted by the applicants ****directly**** to the private universities and vocational academies. The private universities and universities of cooperative education then submit the documents to be submitted either digitally or by post to the Hessian Ministry of Science and the Arts.
