| Teaser                        | If you are studying, you must take out health insurance - through family insurance or independently.   |
| Volltext                      | <p>Students must prove that they have health insurance when enrolling for studies. Even if they do not live in Germany.</p> <p>Health insurance is also mandatory for practical periods of work that are completed during the course of study.</p> <p>As a rule, students can be covered by family insurance free of charge through their parents in a statutory health insurance fund, provided that one parent is a member of a statutory health insurance fund. However, family insurance is only possible up to the age of 25.</p> <p>For students who are married or live in a registered civil partnership, family insurance through the spouse or civil partner is possible if they are insured in the statutory health insurance.</p> <p>If health insurance through the parents or partner is not possible, statutory health insurance companies or private health insurance companies offer reduced contributions.</p> |
