Volltext	<p>The programme "Berufsqualende Sprachförderung (BQS+)" supports people with language support needs and helps them to integrate into the labour market. Funding is provided for language teaching that qualifies for a profession within or in close connection with a basic measure. Language support can be applied for on the basis of three different quality levels. These quality levels reflect the degree of maturity and development within the respective measure. At each level, language instruction is combined with subject instruction. The weekly number of lessons can be requested to be between 10 and 20 hours. At the beginning of the measure, the group size is at least 8 and a maximum of 15 participants. The professional language support is implemented in three possible forms: team teaching (subject teacher and language teacher jointly lead the subject lessons), language support lessons (additional learning content by</p>
