Teaser	If you wish to set up or operate a filling station or make certain changes to it, you must apply for a permit from the competent authority.
Volltext	<p>Filling stations are fixed installations that refuel land, water and air vehicles with flammable liquids. They are installations requiring monitoring.</p> <p>You require a permit from the competent authority if you:</p> <ul style="list-style-type: none"> • wish to set up and operate a filling station • wish to make changes to the design or mode of operation that affect the safety of the installation. <p>Permission may be granted subject to the following restrictions:</p>

Modul

Sachverhalt

- limited,
- limited in time,
- subject to conditions or
- with conditions.

If the installation requiring a permit is part of an installation requiring a permit no separate permit is issued. The approval includes the permit.

Erforderliche Unterlagen

Informal application with the following details:

- Surname, first name, company name
- Address of the applicant
- Contact information (e-mail, telephone number, fax)
- Type of permit:
 - Establishment and operation
 - Modification and operation or
 - Partial permit
- Specification of the operating site

Documents required to assess the installation:

- Subject of the application
- Description of the system
- Description of the system technology and interaction with other systems, e.g. washing systems
 - Piping and instrument flow diagram (P&I flow diagram)
- Safety data sheets
- Description of the mode of operation
- Permanently manned position for operation without supervision
 - Overview plan
 - Site plan
 - Floor plan or technical plan
 - Ex-zone plan
 - Explosion protection concept
 - Information on fire protection
 - Description of liquid-tight roadway with drainage and effective areas
- Calculation of production costs
