Teaser	As a student or vocational student, you can receive a one-off energy allowance. This requires an application to the relevant office.
Volltext	Students and pupils in technical college classes whose attendance requires a vocational qualification, pupils in vocational college classes and technical college classes that provide a vocational qualification in a training course of at least two years, as well as pupils in comparable courses of education can receive a one-off payment of 200 euros to relieve them of the increased energy costs. If you are one of the recipients and meet other requirements, you can apply for the one-off payment online using the procedure provided. If you are eligible to apply, you will receive an access code and, if applicable, a PIN from your educational institution. To apply for the energy price lump sum for students and vocational students, you must create a BundID user account. You can submit your application until 30.09.2023. After this date, it will no longer be possible to submit an application.
Erforderliche Unterlagen	- Access code (provided by the training center) - PIN, if applicable (provided by the training center) - IBAN from the SEPA area - Applicants require a BundID account for identification during the application process.
Voraussetzungen	<ul style="list-style-type: none"> <li>• You can receive the one-off payment if you meet the requirements set out in the Energy Price Flat Rates Act (EPPSG):</li> <li>• You must belong to the group of addressees of the EPPSG. This includes: Students, From the higher education sector, this also includes, for example,</li> </ul>

## Modul

## Sachverhalt

part-time students, doctoral students, students on a semester of leave, students at universities of applied sciences or students on a dual study program. Pupils in technical college classes whose attendance requires a vocational qualification, Pupils in (vocational) technical college classes that provide a vocational qualification in a training course lasting at least two years, Pupils in training courses at higher technical colleges and academies, trainees in training courses at certain training institutions that are covered by a statutory instrument pursuant to Section 2 (3) no. 1 of the Federal Training Assistance Act (BAföG). A distinction must be made between trainees:

Eligibility depends on the type of training institution they attend and the type of qualification they are aiming for. Trainees at a vocational college or technical college who are completing a vocational qualification lasting at least two years receive the one-off payment. This also applies to trainees attending a technical college class that requires them to have completed vocational training.

- AND you must also have been enrolled or registered at your training institution by the cut-off date of December 1, 2022,
- AND in addition, your place of residence or habitual abode must have been in Germany on the reference date of December 1, 2022. Persons who have completed a study visit/internship abroad limited to a maximum of two semesters and were still enrolled/registered at their educational institution in Germany at the same time generally have their habitual residence in Germany.

## Kosten

There are no costs.
