requires the submission of the same documents as for the initial issuance:

- Recognized and valid identity document (for example, passport or passport replacement).
- Current biometric photo in passport format (45 x 35 mm)
- Description of the self-employed activity (business plan)
- Proof of financing of the self-employed activity (for example, proof of equity capital, financing commitment from a bank).

In principle, the same requirements must be met for the extension of the residence permit as for the initial issuance of the residence permit. That is:

- The period of validity of your current residence permit will expire in the near future.
- You want to continue your self-employed or freelance activity in Germany.
- Your self-employed activity is still related to the knowledge you acquired during your university
