Teaser	If you are severely disabled, you are entitled under certain conditions to free transport in local public transport or to a reduction in vehicle tax.
Volltext	If you have a two-colour severely disabled person's pass on which certain marks are indicated, you can use this application to apply for a supplement and a token. This allows them to benefit either from free local passenger transport or from a reduction in vehicle tax. In order to be able to use free transport in local public transport, you must purchase a token for half a year or a whole year against payment of a deductible. The personal contribution does not apply if certain characteristics are available or certain social benefits are received. Alternatively, you can apply for a supplement without a token instead in order to receive a reduction in road tax. For persons with certain marks, there is the possibility to take advantage of both the reduction of the motor vehicle tax and free transport in public transport with the supplement with token.
