Volltext	Only at the turn of the year (on 31.12 and 01.01) fireworks of category F2 (old designation class II) may be set off by private individuals over 18 years of age. If private individuals, i.e. persons without a permit pursuant to § 7 or § 27 of the Explosives Act or a certificate of competency pursuant to § 20 of the Explosives Act, wish to set off category F2 fireworks themselves at another time, this may be permitted by the competent authority as an exception for justified reasons. Such private individuals need a permit to do so. Some administrations consider a golden wedding, a milestone birthday or other anniversary to be a justified occasion. However, there is no legal entitlement to the granting of this exemption. Note: Even with such an exemption, private individuals are not allowed to set off fireworks of category F3, F4, stage fireworks of category T2 or other pyrotechnic articles of category P2 (old classes III (medium fireworks), IV (large fireworks) or T (pyrotechnic articles for technical purposes, stage fireworks)).
Erforderliche Unterlagen	• Identity card (as proof of age and place of residence) • further documents for the purpose of the fireworks The exemption may be subject to conditions (e.g. that the fire brigade or volunteer fire brigade must be present during the burning of the fireworks or that liability insurance must be proven). You can find out whether and what conditions are associated with the permit from the municipality/city administration responsible for you
