Verfahrensablauf

You can apply for the exemption in writing or online. Before you can apply for an exemption for a vehicle, you need an expert opinion from an officially recognized expert for motor vehicle traffic from a technical service recognized in accordance with § 30 of the EC Vehicle Approval Regulation (EG-FGV) for testing complete vehicles of the respective vehicle class. The report must state the necessary exemptions from the StVZO, the suitability of the vehicle or vehicle combination and the requirements and conditions deemed necessary in the interests of road safety. The expert must describe the exemptions in detail and justify their necessity. You can then apply for the exemption. The competent authority will examine your application and, if the examination is positive, will grant you the exemption.
