Volltext	<p>If you wish to commercially organize other games with the possibility of winning in the travel trade (e.g. games of skill), you require a commercial permit from the competent authority.</p> <p>A game of skill exists if the player can determine the outcome of the game with a high degree of probability through skill or their own knowledge according to the game equipment and the rules of the game. In contrast, in games of chance, the decision on winning and losing is predominantly determined by chance.</p> <p>The permit does not entitle you to organize games of chance in general, but only relates to a specific game. It is bound to you as a person and to the venue.</p> <p>Permission can be granted to natural and legal persons. In the case of partnerships without their own legal personality (e.g. OHG, KG), a permit is required for each managing partner; this also applies to limited partners if they have management authority and are therefore to be regarded as traders. In the case of legal</p>

The permit may be issued for a limited period or subject to conditions if this is necessary for the protection of the general public, guests, residents of the premises or neighboring properties or in the interests of the protection of minors. The subsequent inclusion, amendment and addition of conditions is also permitted.

There are also games with the possibility of winning for which you do not require a permit (usually with prizes worth a maximum of 60.00 euros).

A permit for gaming machines with the possibility of winning is required for slot machines or merchandise gaming machines.
