Verfahrensablauf

You can also apply for early admission for your child directly at the elementary school of your choice on the announced registration dates for the elementary school.

Registration takes place together with the child at the desired elementary school.

If there are indications during the registration appointment that your child does not have sufficient German language skills and therefore a successful participation in school is significantly at risk, a language assessment will be carried out according to a standardized procedure.

After registration, you will receive an invitation for your child's school entrance examination from your local health authority.

Registration for elementary school does not automatically mean that a child has actually been accepted.
