Verfahrensablauf	Prior to approval, distance learning courses are examined to determine whether the stated course objective can be achieved with the distance learning course. Both the technical aspects and the didactic approach are examined. Approved distance learning courses receive an approval seal with an approval number. The organizers must list this approval number in the information material as a verifiable reference to the state approval granted.
Bearbeitungsdauer	Approval shall be deemed to have been granted if no decision on approval has been taken within three months of receipt of the complete documentation.
Frist	The application must be submitted in good time so that the admission test can be completed before the distance learning course is distributed. This is usually 3 months. In the case of difficult procedures, the deadline may be extended once by the Staatliche Zentralstelle für Fernunterricht.
