| Teaser                     | You can register the collection of your paper waste from your private household if your public waste disposal provider offers this service.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| Volltext                   | <p>Recovered paper is a valuable raw material. Paper products made from waste paper (recycled paper, cardboard and cartons) have a significantly lower environmental impact than paper products made from virgin fibers. Recycled paper is therefore also awarded the Blue Angel eco-label.</p> <p>The disposal of paper waste from private households is the responsibility of the public waste disposal authorities. Waste paper collections can also be carried out by commercial or non-profit providers (commercial or non-profit collection).</p>                                                                                                                                                               |
