Teaser	Would you like to continue your studies in Saxony-Anhalt? Find out here about the recognition and recognition of your previous academic achievements.
Volltext	Thanks to the higher education reform, a comparison of higher education performance has been simplified. Since the Bologna Process, you can complete your studies with a Bachelor's or a Master's degree. You collect so-called credit points with each successfully completed phase of your studies. These credit points, also known as credit points, are awarded according to the amount of work involved. You will receive these credit points if you have passed the respective examination. This regulation applies throughout the EU. If you have successfully passed an intermediate examination at a German university, you may in principle continue your studies in Saxony-Anhalt. This is decided by the university at which you would like to continue your studies. If you already have a university degree (also from the GDR), you can easily start studying.
Erforderliche Unterlagen	• Application for recognition of a academic achievement • Proof of the service provided

	• Description of the previous study contents
Voraussetzungen	You must be able to prove your previous periods of study and achievements.
Kosten	None.
Verfahrensablauf	As a rule, you must submit an application for recognition to the university where you would like to study in the future. This then checks whether the contents of your previous course of study are equivalent to the contents of the future one. If the content differs too much, the new university may refuse recognition.
