Volltext	Students are entitled to a certificate at the end of the school year and at the end of the school year as well as when leaving school. In it, the written, oral and practical achievements are evaluated or the degree achieved is notarized. Pupils who leave school without a degree receive a leaving certificate for the last school year they attended. Graduation certificates enable students to attend further school or vocational training courses. Students' achievements can be assessed in text form, by grades (grades 1 to 6) or by scoring points (0 to 15 points). The form of the performance assessment is determined by the decision of the class conference.
