- L (for example motorcycles, four-wheeled light motor vehicles and certain four-wheeled motor vehicles)
- Trailers of category O1 (up to 750 kg maximum permissible mass)

In the following cases, you cannot obtain an interchangeable license plate:

- two vehicles of different classes (e.g. a passenger car and a motorcycle)
- Vehicles with
 - seasonal license plates
 - Short-term license plates
 - Red license plates
 - Green license plates
 - Export license plates

euros, the registration authority can decide whether or not to register the vehicle.

- You must not have vehicle tax debts of five euros or more. Late payment penalties, interest and late payment penalties are also taken into account when calculating the amount.

- If someone is to represent you when registering your vehicle, you must give this person written authorization. This must also contain a declaration of consent that the registration authority may inform the authorized person about overdue fees and expenses. Your representative must present the power of attorney and identify themselves.

Kosten

Fees are charged according to administrative costs. As the application for the allocation of an interchangeable license plate relates to two vehicles and can trigger different registration processes, the fees vary from case to case.

****Note:**** In the case of interchangeable license plates, the fees for registration, change of identification number, change of license plate type and transfer from another administrative district - with or without change of holder - increase by 6 euros per vehicle.

Verfahrensablauf

You or your representative must apply to the competent registration authority for the temporary license plate. The competent authority is the licensing authority of the district in which you have your main residence, place of business or branch office.

If an application form is required, you can obtain it in advance from the registration authority and fill it out at home. Depending on the services offered by your licensing authority, a download form or an online service via the Internet may be available.

The registration authority may require you to present your vehicles.

The registration authority will assign your vehicles the interchangeable license plates and attach the stickers (main inspection and stamp sticker) to the license plates.
