Teaser	If you run a craft or care service business, you can apply for a parking permit. With this, you are allowed to park in certain areas for the duration of your work assignment.
Volltext	Vehicles belonging to a craft business or a care service company can be issued a parking permit by the responsible authority. This can, for example, entitle the holder to park free of charge in restricted stopping zones, residents' parking zones or parking management zones (parking spaces with parking meters or parking ticket machines). The exemption is only valid for certain individual activities of the company. Pay attention to the exact content of the exemption permit. When using the special permit, above all, other persons must not be endangered or obstructed.
