possibly other costs. Depending on the chamber, these may be borne by the relevant chamber. Depending on the competent chamber, costs may also be incurred for admission to the master craftsman examination procedure. You can find out about the costs from your relevant chamber.

Verfahrensablauf

If you would like to take the master craftsman's examination in a craft requiring a license, you should obtain information from the relevant authority in advance and prepare for the examination accordingly. As a rule, the Chamber of Crafts is responsible.

- In order to be admitted, you must fulfill the relevant requirements
- You must submit an application to the competent authority for admission
- The master craftsman examination consists of 4 parts: Part 1: the examination of the masterly execution of the essential work in the respective craft Part 2: the examination of the required theoretical knowledge in the respective trade Part 3: the examination of the necessary business management, commercial and legal knowledge Part 4: the examination of the required vocational and work-related pedagogical knowledge
- The examination is taken and assessed by the master craftsman examination board. The master craftsman examination board is the state examination authority at the headquarters of the relevant Chamber of Crafts.
- Once you have passed the master craftsman examination, you are entitled to use the title of master craftsman and will receive a certificate to this effect
- If you fail a part of the examination, you can repeat this part of the examination up to 3 times.
