Erforderliche Unterlagen

Enclose all the necessary information and documents with your notification so that the competent authority can examine your plans:

- Describe your plans and the location of the planned fireworks display in detail. Provide the following information in particular:
 - Name and address of the persons responsible for setting off the fireworks and, if necessary, the number and date of the permit or certificate of competence and the issuing authority
 - Location, type and size as well as start and end of the fireworks display
 - distances to particularly fire-sensitive buildings and installations within the maximum safety distance
 - the safety measures, in particular barriers and other precautions to protect the neighborhood and the general public
- Enclose your permit or certificate of competence to set off pyrotechnic articles with your notification.

Voraussetzungen

- You have a permit or a certificate of authorization from an authority to set off pyrotechnic articles.
 - In the vicinity of buildings or installations that are particularly sensitive to fire, you may only set off fireworks at a sufficient distance and taking into account the direction of the wind. A distance of at least 200 m must be maintained for rockets and at least 50 m for other objects.
- You may not set off fireworks in the immediate vicinity of churches, hospitals, kindergartens, old people's homes or half-timbered houses.
