Sachverhalt

You select the auditor(s) for the audit as part of your annual reporting obligations. The audit is carried out at your expense.

Auditors are unsuitable if there are concerns of bias, i.e. if there are circumstances that could jeopardize the independence of the auditor.

If you work exclusively for a sales company, you may submit a system audit report by an auditor instead of the individual audit report, which confirms the appropriateness and effectiveness of the internal control system of the sales company for compliance with the obligations by the affiliated traders for the audit period. However, an individual audit report must be submitted after 4 years at the latest.

If you have not carried out any activities in the reporting period, you must submit a corresponding declaration (so-called negative declaration) without being requested to do so.

Erforderliche Unterlagen

- Audit report by a recognized auditor, including a note on any violations; also in electronic form, provided the auditor is named
- If working exclusively for a sales company: audit report on the appropriateness and effectiveness of the sales company's internal control system for compliance with obligations (after 4 years at the latest: individual audit report)
- If no activity was performed in the reporting period: Written declaration that no activity was carried out in the reporting period (negative declaration). If the negative declaration is submitted to the authority by a third party, for example a tax consultant or auditor, you must enclose a corresponding power of attorney.

Voraussetzungen

The audit report must contain the awards to be made and must be submitted to the competent licensing authority by 31.12 of the following year.

The same applies to the negative declaration.
