## Modul

## Sachverhalt

applicable, a certificate from an ophthalmologist in accordance with Appendix 6 to the Driving Licence Ordinance (not more than two years old when application is made)

- occupational or occupational medical report or expert opinion from an officially recognised assessment centre for driving aptitude in accordance with Appendix 5 to the Driving Licence Ordinance (not older than one year when application is made)

Under "Notes (special features)" (see below) you will find more detailed explanations of the required certificates.

## Voraussetzungen

- Possession of a driving licence in cheque card format ("EU driving licence"); if necessary, the previous driving licence must first be exchanged for a card driving licence
- minimum age: 21 years (if the driving licence is restricted to ambulances: 19 years)
- possession of a category B driving licence or an equivalent driving licence for at least two years (for ambulances: one year)
- proof of physical and mental fitness and eyesight
- personal reliability (no serious criminal record and/or traffic violations)
- proof of participation in first aid training (for ambulances)
- proof of local knowledge is no longer required for taxis for the compulsory driving area; instead, a certificate of professional competence is required, which, however, does not have to be presented at present

Note: When renewing a driving licence for passenger transport for the first time, which was issued after 2 August 2021 without submitting proof of specialist knowledge, proof of specialist knowledge must also be submitted in addition to the other renewal requirements.

## Kosten

- Initial issue of a driving licence for the carriage of passengers: EUR 43.90
- If your previous driving licence has to be exchanged for the card driving licence: additional EUR 25.30
