less than EUR 40,000 are as follows

- for a purely electric drive: up to EUR 9,000
- for a plug-in hybrid: up to EUR 6,750

The subsidy rates for electric vehicles with a net list price of over EUR 40,000 are as follows

- for a purely electric drive: up to EUR 7,500
- for a plug-in hybrid: up to EUR 5,625

The vehicle manufacturer must grant you a discount in the same amount.

Notes:

- There is no legal entitlement to this subsidy.
- The subsidy is limited to the budget funds available.

Innovation premium

In 2020, the subsidy was supplemented by a purchase premium for young used vehicles in the case of a second sale, provided that the second registration took place after 04.11.2019. The innovation premium doubles the federal share of the eco-bonus for young used vehicles until the end of 2022.
