Teaser	The establishment of a further branch office as an inspection engineer for structural stability in the Federal Republic of Germany requires authorisation from the recognition authority.
Volltext	#### Authorisation in accordance with Section 19a of the Implementing Ordinance to the Saxon Building Code (DVOSächsBO) The establishment of a further branch office as an inspection engineer for structural stability in the Federal Republic of Germany requires authorisation from the recognition authority. If the additional branch office is located in another state, the recognition authority decides in agreement with the recognition authority of the other state. ### Single point of contact You can use the services of the Single Point of Contact for this procedure. They will guide you through the procedure, take care of correspondence with all the authorities responsible for your request and provide you with expert advice. • [Single point of contact](https://amt24.sachsen.de/zufi/cms/einheitlich)

Modul	Sachverhalt
	er-ansprechpartner) Amt24 information
Erforderliche Unterlagen	- informal application for the establishment of an additional branch Details and supporting documents: - Address of the registered office - Address, telephone number and e-mail address of the requested additional branch office - Distance between the registered office and the additional branch office - Number of engineers employed at the registered office and how many of them will be used for testing - Number of engineers employed at the additional branch office and how many of them are to be deployed for testing in the event of authorisation - approximate time allocation of testing activities between the registered office and the other branch office - Proof that the additional branch office is responsible for its own activities (in the case of a merger with other inspection engineers, inspection experts, engineers or architects, proof must be provided by means of a corresponding contract for the merger, in particular the articles of association; submission of an extract from the commercial register or an equivalent document from another EU or EEA state or Switzerland) - Information to ensure the proper fulfilment of tasks, in particular ensuring the supervision of proper construction work as a test engineer at the registered office and in the other branch office
Voraussetzungen	- Inspection engineers for stability who are recognised in the Free State of Saxony can apply for the establishment of an additional branch office. - Authorisation will be granted if there are no objections to the proper performance of duties as a test engineer.
Kosten	Fees: according to time spent (EUR 67.00 per working
