Teaser	Announcement of a body for the determination of the type and extent of the emission emanating from the plant as well as the immission in the area of influence of the plant.
Volltext	<p>Announcement of a body for the determination of the type and extent of the emission emanating from the plant as well as the immission in the area of influence of the plant.</p> <p>In the field of immission protection, plant operators are obliged to have certain officially ordered emission determinations and immission measurements carried out. These investigations serve to measure air pollution, noise and vibrations as well as to calibrate and test the function of automatic measuring equipment.</p> <p>The determinations can be carried out by certain bodies, which are announced by the responsible department of a federal state. This procedure is also called notification and must be applied for by you, as such an investigating body.</p> <p>The notification is always made by the responsible department of the state in which you, as the applicant, have your place of business. The notification is valid for the entire federal territory.</p>

## Modul

## Sachverhalt

Note: If your place of business is not in Germany, the country in which your activity is primarily to be carried out is responsible.

In all cases, the system operator is basically free to choose between the notified bodies.

### Single Point of Contact

For this procedure, you can use the service of the Single Point of Contact (Einheitlicher Ansprechpartner). They will guide you through the administrative procedure, take care of correspondence with all the offices responsible for your request and will be available to you as a competent advisor.

## Erforderliche Unterlagen

- Application for notification (original)
- Memorandum and articles of association, company registration (copy)
- Information on insurance (copy)
- Proof of quality management system (QMH) (copy)
- Proof of accreditation (certificate, assessment reports) (copy)
- Measurement reports for proof of expertise (copy)
- Proof of qualification (certificates, proof of expertise) (copy)
- Notice of initial notification in another federal state (copy)

## Voraussetzungen

Bodies to be announced within the meaning of Section 29b Paragraph 1 of the Federal Immission Control Act (BlmschG) must:

- be legal persons or partnerships established in a member state of the European Union or another contracting state to the Agreement on the European Economic Area (Section 3 41. BlmSchV).
- Have an accreditation from the accreditation body based on the LAI's "Proof of Expertise for Investigations in the Field of Immission Control" (immission control module). Deviating from this, proof of competence for the testing area of activity group III of Annex 1 of the 41st BlmSchV (inspection of transiently operated measuring devices) must be provided by a certificate in accordance with Section 7 of VDI Guideline 4208 Sheet
