Handlungsgrundlage	<ul style="list-style-type: none"> • Verordnung zum Schutz des Klimas vor Veränderungen durch den Eintrag bestimmter fluorierte Treibhausgase (Chemie-Klimaschutzverordnung – ChemKlimaSchutzV) • Durchführungsverordnung (EU) 2024/2215 • Durchführungsverordnungen (EU) 2015/2066 • Durchführungsverordnung (EU) 2015/2067 • Verordnung (EG) Nummer 304/2008 • Verordnung (EG) Nummer 306/2008 • Verordnung (EG) Nummer 307/2008 • Verordnung (EG) Nummer 308/2008 • Laufend Nummer 24 Tarifstelle 9.1 Zehntes Sächsisches Kostenverzeichnis (SächsKVZ) • § 33 Absatz 1 Handwerksordnung (HwO) • § 42a Absatz 2 Satz 2 bis 4 Verwaltungsverfahrensgesetz (VwVfG)
Teaser	Persons who carry out certain activities on equipment containing fluorinated greenhouse gases, such as refrigeration/air conditioning systems, heat pumps or fire protection systems, require a certificate of competence. As a rule, these persons must have passed an examination.
Volltext	Persons who carry out certain activities on equipment containing fluorinated greenhouse gases, such as refrigeration/air conditioning systems, heat pumps or fire protection systems, require a certificate of competence. As a rule, these persons must have passed an examination.

Modul

Sachverhalt

The following are authorised to conduct examinations and issue certificates of competence in addition to

- the chambers of crafts
- the chambers of industry and commerce and
- the craft guilds, insofar as they are authorised to conduct examinations,

also

- bodies recognised by the competent authority (training and further training institutions or companies).

Single point of contact

You can use the services of the Single Point of Contact for this procedure. They will guide you through the procedure, take care of correspondence with all the bodies responsible for your request and provide you with expert advice.

- Single point of contact Amt24 information

Erforderliche Unterlagen

The following documents must be enclosed with the application:

- Catalogue of examination questions for the theoretical examination in accordance with the Annex to the respective Implementing Regulation
- Description of the practical examination in accordance with the Annex to the respective ordinance
- Procedural regulations of the inspection body or the body certifying the expertise in accordance with the respective ordinance (examination regulations, procedural regulations for issuing, suspending and withdrawing certificates of expertise, procedural regulations for reporting)
- Equipment: List of measurements and apparatus
- Details of the inspectors
- Sample of a certificate of competence

The following documents must be enclosed with the application if a body certifying expertise for activities on motor vehicles is recognised:

Modul

Sachverhalt

- Training concept / training programme
- Technical equipment
- Details of instructors / trainers
- Sample of a certificate of competence

Voraussetzungen

- They have the appropriate resources, materials and personnel to carry out inspections and issue certificates. In addition, depending on the type of facility, there are specific requirements for the tests, which are regulated in the following regulations: Implementing Regulation (EU) 2015/2066 (concerns activities on electrical switchgear), Implementing Regulation (EU) 2024/2215 (concerns activities on stationary refrigeration systems, air conditioning systems, heat pumps and organic Rankine circuits as well as refrigeration systems in refrigerated trucks, refrigerated trailers, light refrigerated vehicles, intermodal containers and railroad wagons) Regulation (EC) No. 306/2008 (concerns activities on equipment containing solvents)
- In such cases, the body to be recognised must also be able to assess the suitability of technical or craft training.
- For activities on air conditioning systems in motor vehicles, the education/training programme must meet the requirements set out in Regulation (EC) No 307/2008.

Implementing Regulation (EU) 2024/2215 entered into force on 29 September 2024. It repealed Implementing Regulation (EU) 2015/2067.

Kosten

EUR 160.00 to EUR 1,481

Verfahrensablauf

- You submit the application informally to the responsible office of the Saxony State Directorate (see "Responsible office").
- The Saxony State Directorate will check that the application documents are complete and correct and will issue the certificate if all requirements are met.
- If necessary, it can request missing documents.

If you have any questions about the procedure, please contact the responsible office.
