Volltext	<p>If you want to make the buildings and heat supply in urban districts of your city or municipality more energy-efficient, your municipality can apply for grants from Programme 432 of the KfW Bankengruppe for your project.</p> <p>A neighbourhood is defined as several buildings within a district that are connected in terms of area and include municipal facilities, commerce, trade, services, industry, private households and public infrastructure. In addition to the municipality itself, funding is also possible for other redevelopment agencies; for example, for municipal utilities, housing associations, flat owners or owners' associations.</p> <p>Funding is available for measures to increase energy efficiency, e.g. for</p> <ul style="list-style-type: none"> • the preparation of an integrated refurbishment concept and • the employment of a refurbishment manager who accompanies and coordinates the implementation of such concepts. • for the integrated concept: none • for the rehabilitation manager: EUR 150,000 per neighbourhood (EUR 250,000 if extended) <p>• You can combine the grant with other public funding.</p> <p>• There is no legal entitlement to this funding.</p> <p>KfW Berlin Branch</p>
Erforderliche Unterlagen	<ul style="list-style-type: none"> • completed application form • integrated neighbourhood concept with the following components: <ul style="list-style-type: none"> • the initial analysis • concrete measures and their design

Modul

Sachverhalt

- the costs, feasibility and economic viability of the measures
 - the performance review
 - the timetable, priorities and mobilisation of stakeholders
 - Information and advice as well as public relations work
- All other documents required can be found on KfW's website.

Voraussetzungen

- Municipalities (cities, municipalities and rural districts)
 - their legally dependent owner-operated enterprises
- If the municipality does not use the subsidies itself, it must establish that it is an eligible urban district. This includes in particular
- urban redevelopment areas
 - Urban redevelopment areas
 - Areas of urban monument protection
 - Socially Integrative City areas
 - active city and district centres
 - smaller towns and municipalities
 - other urban development promotion areas, such as
 - Building units with existing or planned joint heat supply or other planned measures for joint energy saving
- A single building is not considered a neighbourhood for the purposes of the funding programme.
 - The municipality must confirm the eligibility of the neighbourhood, for example by means of a formal resolution. If necessary, you can submit the confirmation before the final funding decision.

Kosten

Application: none

Verfahrensablauf

- Submit your application together with the required documents directly to KfW. Please use the KfW forms for this purpose.
- Complete the application in full and enclose the required supporting documents.
 - Submit the complete application documents to KfW
 - Once your application documents have been reviewed, KfW will send you a written decision.
- After completion of the conversion, submit proof of use to KfW. The grant will then be transferred to your
