The minimum age for issuing a category AM driving licence is now 15 years. Until the driver reaches the age of 16, the driving licence is subject to the condition that it may only be used for journeys within Germany. This means that holders of a Class AM driving licence under the age of 16 may only drive Class AM motor vehicles in the Federal Republic of Germany. The requirement does not apply when the licence holder has reached the age of 16. The driving licence is granted by issuing an EU driving licence card in which the code number "195" is entered.
