Teaser	You need a permit for collecting, transporting, trading and brokering waste if the intended activity also involves hazardous substances. Activities involving non-hazardous waste only require notification. You can notify the authorities and apply for a permit via the joint procedure portal of the federal states or directly at the competent authority.
Volltext	#### Permission to operate as a collector, transporter, trader and broker of hazardous waste in accordance with § 54 of the Kreislaufwirtschaftsgesetz (KrWG) You need a permit for collecting, transporting, trading and brokering waste if the intended activity also involves hazardous substances. Activities involving non-hazardous waste only require notification. You can notify the authorities and apply for a permit via the joint procedure portal of the federal states or directly at the competent authority. The following are exempt from the permit requirement:

Modul

Sachverhalt

- Specialized waste management companies that are certified for the activity requiring a permit,
- collectors, transporters, traders and brokers of hazardous waste who operate within the framework of commercial enterprises, and
- the public waste management authorities.

Single point of contact

For this procedure, you can use the service of the Single Point of Contact (Einheitlicher Ansprechpartner). They will guide you through the administrative procedure, take care of correspondence with all the offices responsible for your request and will be available to you as a competent advisor.

Erforderliche Unterlagen

- waste-legal business number(s) as collector, transporter, broker or dealer of waste (if already issued to you)
- in the case of a change to an existing permit: the process number of the permit

Attachments [PDF, maximum 2 MB per file]:

- Business registration (if there is an obligation to register a business)
- Evidence of business and environmental liability insurance (if such insurance exists) Evidence of the professional competence of the persons responsible for the management and supervision of the business Extract from the commercial, association or cooperative register (if an entry has been made)
- Proof of motor vehicle liability insurance (if you wish to apply for a permit for the activities of collecting or transporting and the transport takes place on public roads)

Foreign certificates from another member state of the EU or the European Economic Area are equivalent to

Modul

Sachverhalt

German certificates. The competent body checks their equivalence. The evidence must show that the applicant meets the licensing requirements or the requirements of the issuing state that are essentially comparable on the basis of their objective.

****Notes:****

- Proofs that are not written in German must be accompanied by a translation into German. Only publicly appointed and sworn translators are authorized to translate.
- In individual cases, the competent body may require further documents or translations in German.

Voraussetzungen

- Collecting, transporting, trading and brokering of or with hazardous wastes
 - personal reliability
 - professional and technical knowledge necessary for the activity

Kosten

Fee range: EUR 100.00 - 6,000.00

Verfahrensablauf

You can apply for permission to start waste management activities with hazardous substances online using an electronic wizard via the zks-abfall.de notification/permit portal.

- Follow the link to the online form and fill in the data fields step by step according to the instructions.
- Have the required supporting documents ready to attach to your online notification in electronic form.
- Once all data fields have been filled in, confirm that the information is complete and complete the process. To do this, you must sign the application with a qualified electronic signature. To do this, you can use the signature card and card reader that you use in the electronic waste verification procedure, for example. You will receive an electronic confirmation of receipt.

After reviewing the application, the waste management authority issues the waste management permit; it can make the activity dependent on conditions, set a time
