- Anhang I Nr. 4.5 Absatz 1 der GefStoffV

Teaser

If you require a certificate of competence to carry out fumigation, you can apply for this from the competent authority.

Volltext

If you require a certificate of competence to carry out fumigation, you can apply for this from the competent authority.

Once you have submitted your application, the competent authority will check it and then contact you. If your application is successful, the certificate of competence will be sent to you by post.

The licence is valid for a maximum of six years. The period of validity can be extended by six years at a time.

The prerequisite for extending the period of validity of the certificate of competence is a recognised further training course before the expiry of the period of validity.

Erforderliche Unterlagen

- Proof of suitable vocational training or comparable professional qualification
 - Certificate from a doctor in accordance with Section 7 (1) of the Ordinance on Occupational Health Care (not older than one year)
- Proof of specific expertise associated with the activity (through successful participation in an expertise course recognised by the competent authority; proof of expertise for fumigation)
 - Official certificate of good conduct according to document type O
- Certificate of instruction on the safe and proper operation of fumigation equipment or systems and on participation in fumigation/fumigation.
 - In the case of fumigation in accordance with TRGS 512 or TRGS 522, proof of first aider training is also
