General sports funding is intended to promote facilities, measures and projects to support and further develop a nationwide, diverse and socially acceptable range of sports.

Volltext

Sports funding

Eligible applicants under the ****guidelines for the promotion of sport in Schleswig-Holstein (sports promotion guidelines)**** are, in particular, Schleswig-Holstein municipalities, towns and cities belonging to and independent of districts, authorities, districts and special-purpose associations under the law on municipal cooperation (GkZ) as well as non-profit clubs and associations. Funding is provided in particular for

- Competitive sports facilities (including construction measures and operating costs of federal bases, competitive sports centers of the state professional associations, athletes' houses), especially with pro rata funding from the federal government,
 - Partner schools of competitive sport,
 - Sports activities for people with disabilities
 - Organization of state championships, German championships, European championships,
 - World Championships and other sporting events of supra-regional importance
 - Preparation of municipal sports (venue) development plans,
 - Implementation of measures for sport and exercise in public spaces on the basis of sports development planning,
 - Voluntary social year in sport,
- Soccer fan projects

 Subject of the ****Directive on the Promotion of**

Modul

Sachverhalt

Municipal Sports Facilities in Schleswig-Holstein (Sports Facilities Promotion Directive)** are measures for uncovered playing fields and running tracks, the infrastructure associated with playing fields and the infrastructure associated with athletics fields.

Measures that contribute to maintaining the functionality and/or reducing the operating costs of single-field and small two-field halls, as well as indoor and outdoor swimming pools that are primarily used for sports activities and learning to swim, are also eligible for funding.

Playing fields within the meaning of the guidelines are uncovered playing fields with a surface area of up to 4,999 m² (type 1) and large playing fields with a surface area of more than 4,999 m² (type 2). Pitch-related infrastructure within the meaning of these guidelines are original sports facilities such as stands (also covered), changing rooms, sanitary facilities, barrier-free paths on the pitch and storage facilities for sports equipment.

Running tracks within the meaning of the guideline are uncovered 400m running tracks and 100m short-distance tracks including the trenches for the steeplechase. Field-based athletics infrastructure within the meaning of these guidelines are jumping facilities (high jump facility, pole vault facility, long jump facility and triple jump facility) and throwing facilities (discus throwing facility, hammer throwing facility, javelin throwing facility and shot put facility). Special sports facilities are excluded from funding, in particular facilities for sports such as tennis, equestrian sports, golf, driving, shooting, boules, beach soccer, beach tennis and street basketball.

For the purposes of the guidelines, single-field halls have a maximum hall area of 15 x 27 x 7 meters; small two-field halls are sports halls with a maximum hall area of 18 x 36 x 7 meters.
