Sachverhalt

If you are carrying certain substitution drugs (e.g. methadone), you should also check with the relevant diplomatic representation of the country of destination in Germany before you travel.

As a doctor, dentist or veterinary surgeon, you may carry narcotics in cross-border traffic as part of charitable missions abroad (e.g. Doctors Without Borders) or as medical practice supplies if you use them in reasonable quantities and for the purpose of practicing medicine or providing first aid.

You must be able to identify yourself as a doctor (doctor's ID). Please contact the diplomatic representation of the country of destination before you travel to find out whether the narcotics can be taken along and whether any permits are required.

Erforderliche Unterlagen

- Certificate for carrying narcotics as part of medical treatment

or

- Multilingual certificate for travel to countries outside the Schengen area

Voraussetzungen

You have received a doctor's prescription for a narcotic.

Kosten

The certification of the certificate is subject to a fee in accordance with the respective fee schedule of the certifying body.

Verfahrensablauf

If you, as a patient, wish to carry narcotics acquired on the basis of a medical prescription when traveling to Schengen countries:

- Download the "Certificate for carrying narcotics as part of medical treatment" from the website of the Federal Institute for Drugs and Medical Devices (BfArM) and ask your attending physician to complete it.
- Have the certificate certified by the health authority responsible in your district or city on the basis of the doctor's prescription.
- A separate certificate is required for each narcotic prescribed.
