Teaser	Are you or your company in possession of a mining permit for the extraction of mineral resources and the permit period is coming to an end? Then you can apply to the competent authority for an extension.
Volltext	With a mining permit, you are the only person permitted to prospect for and extract certain mineral resources within a defined area. Permits are issued for a limited period of time. You can have this permit extended if the permit period expires in the foreseeable future and the deposit has not yet been exhausted. To do so, you must submit an application to the competent authority.
Erforderliche Unterlagen	When renewing a permit, it is particularly important that you prove that the deposit has not yet been exhausted. This is usually necessary: • Extension application • Production forecast with the expected annual production volumes in graphical and tabular form • Work program with the following information: • Description of the planned technical implementation of the extraction • Period for which you are applying for an extension • Planned financial expenditure • Expected schedule for the extraction activities • Details of the management and company name and registered office • extract from the commercial register
Voraussetzungen	Certain requirements must be met for your permit to be extended:
