Volltext	The tasks of the authorized district chimney sweeps range from the initial inspection when installing or modifying firing systems, carrying out the fireplace inspection (which takes place approximately every 3.5 years) and issuing the fireplace certificate as well as monitoring the scheduling of the chimney sweeping work to be carried out. These "sovereign tasks" are reserved exclusively for the authorized district chimney sweep. The chimney sweeping work to be carried out on the basis of the fireplace notice ("non-sovereign tasks") may only be carried out by qualified chimney sweeps. Anyone who is authorized to do so can be entered in the chimney sweep register of the Federal Office of Economics and Export Control. Here, owners can find out whether the company they wish to commission to carry out chimney sweeping work is authorized to do so.
