Volltext	<p>Adult education centers (VHS) are public institutions of adult education at the municipal level and contribute to the lifelong learning of adults.</p> <p>The adult education centers act on a public mandate and are not subject to ideological or commercial interests. As an independent part of the education system, they cooperate with a wide variety of providers in order to combine the content of their courses with the aims of adult education and in this sense make an important contribution to the social, intellectual and cultural development of citizens.</p> <p>The adult education centers in Schleswig-Holstein offer a comprehensive range of general, political, cultural and vocational education, for example in the form of lectures, courses, seminars, workshops, study groups and discussion groups for general or further education. The VHS educational program covers the basic areas of vocational qualification, preparation for school-leaving qualifications, history, politics, psychology, philosophy, art, regional and local studies, natural sciences, technology, artistic and handicraft design, languages, home economics and health education.</p>
