Teaser	Private individuals who wish to set off fireworks on a day other than the turn of the year require a special permit.
Volltext	Pyrotechnic articles may only be set off by private individuals over the age of 18 at the turn of the year (December 31/January 1). This applies to Class II fireworks or, according to the new designation, pyrotechnic articles of category F2 ("New Year's Eve fireworks"). You require an exemption permit if you are a private individual (i.e. if you do not have a permit in accordance with Sections 7 and 27 of the Explosives Act or a certificate of competence in accordance with Section 20 of the Explosives Act) and wish to set off fireworks (Class II/Category F2) at a different time (i.e. between January 2 and December 30). The exemption permit can be granted for a justified reason (e.g. golden wedding anniversary); however, there is no legal entitlement to it. The exemption permit may be subject to conditions.
