rdnung (EG) Nr. 1013/2006 über die Verbringung bfällen (VVA) llverbringungsgesetz (AbfVerbrG)
and Switzerland, the cross-border import and to f waste is permitted. However, you must ly with procedural regulations. An authorisation dure (notification procedure) must be carried out ehand for some waste. This procedure is atory for all waste on the Amber List.
and Switzerland, the cross-border import and to f waste is permitted. However, you must ly with procedural regulations. An authorisation dure (notification procedure) must be carried out chand for some waste. This procedure is atory for all waste on the Amber List. Different regulations apply to the cross-border to rexport of waste, depending on the gorisation of the waste (green or amber waste of disposal (recovery or disposal) and antry of destination. In find out which waste is categorised and how in consolidated Waste Lists" of the Basel Convention ct Point. Different regulations authorise different periods. In the see, import or export is permitted for as long as authorisations of all authorities are valid.

Modul	Sachverhalt
	"green" waste for recovery within the EU.
Erforderliche Unterlagen	Ask the competent authority which documents are required in your case.
Voraussetzungen	The waste is either
	 destined for disposal or listed in the yellow waste list and not listed as an individual entry in the Green Waste List.
Kosten	Fees: depending on the individual case, depending on the total amount of waste applied for
Verfahrensablauf	As the exporter, you must apply in writing to the competent authority of the place of dispatch for the planned shipment. Use the notification form for this purpose.
	Note: You can obtain the forms from the relevant specialised publishers. Sample forms (notification and movement document) and instructions for completing them can be downloaded from the Federal Environment Agency website.
	The competent authority examines the application and involves the authorities of the country of destination and possibly also the countries of transit in the further procedure. The authorities of the place of dispatch and the country of destination must approve the import or export in writing; tacit approval is possible for transit countries.
	As an exporter, you will receive written consent by post from
	 the competent authority of the place of dispatch and the competent authority of the place of destination and possibly from the competent authority of transit
	If one of the authorities raises objections to the import or export, you will receive these in writing.
Bearbeitungsdauer	For an initial application, you should allow at least two

Modul	Sachverhalt
	months for processing.
Frist	none However, the shipment may only be carried out after all necessary authorisations have been obtained.
weiterführende Informationen	
Hinweise	Waste may only be imported and exported via certain customs offices. A list of all eligible customs offices can be found on the website of the Federal Ministry for the Environment, Nature Conservation, Building and Nuclear Safety.
Rechtsbehelf	Action against refusal of consent Further details are governed by the Administrative Court Code (VwGO)
