If, for a special reason, you wish to temporarily exercise a restaurant business requiring a permit, the competent authority may allow you to do so, namely

- * under simplified conditions,
- * on revocation.

****Note:**** You do not need a permit for a catering establishment or a catering establishment permit for the mere serving of

- * non-alcoholic beverages,
- * free samples,
- * already prepared meals,
- * in connection with an accommodation business: distribution of drinks and prepared meals to house guests.

Bearbeitungsdauer

The authority must decide on your application within a period of three months. This period begins with the receipt of the complete documents. After expiry of this period, the permit applied for is deemed to have been granted if your application is sufficiently specific.

****Note:**** The authority may, however, extend the deadline once if this is justified by the difficulty of the matter. The authority must give reasons for such an extension and notify you in good time.

Fristen

- * You must submit the application for a permit at least two weeks before the start of the activity requiring a permit as described above.
- * ****Exception:**** The activity takes place for a short-term reason that precludes a timely application.
