## Modul

## Sachverhalt

A further inspection is then usually carried out within one year of commissioning.

Have you already been publicly recognised as an expert or expert for high-pressure gas pipelines in another federal state? Then this recognition also applies in Baden-Württemberg.

Please note: Certain expert opinions Statements and inspections are reserved for accredited inspection bodies. You can obtain information about this from the competent body.

## Erforderliche Unterlagen

- Certificate of successful completion of studies in a technical or scientific subject at a university, college or university of applied sciences
    - for proof of personal reliability:
      - If resident in Germany:
        - [Certificate of good conduct](<https://www.service-bw.de/zufi/leistungen/279>) (not older than three months at the time of application)
      - If you live abroad: Documents from your home country that prove your personal reliability.
    - Proof of specific professional qualifications for the technical inspections to be carried out, in particular knowledge of
      - the state of the art
      - the technical regulations and
      - the relevant legal regulations
  - (previous proof can be provided by a declaration from the employer)
    - Proof that you carry out the activity on your own responsibility and independently of the client and third parties, e.g.
      - Declaration from the employer that you are in active employment and are free from instructions from superiors or the employer in the performance of your audit activities
    - Proof of access to all test equipment required to carry out the inspections
- If you use third-party test equipment, you must be able to check this and the test setup for suitability and
