Volltext	Should you wish to work as a technical assistant in medicine in Germany without restriction, you need an official permit. The permit allows you to carry the relevant professional title and to practise. You require the permit for the following vocations: • Technical medical assistance for functional diagnostics • Technical medical laboratory assistant • Technical medical radiology assistant Should you have obtained your professional qualifications abroad, the responsible body will check whether these are equivalent to the relevant German qualifications. You will only receive the permit if your qualifications are recognised as being equivalent. Citizens of the European Union or European Economic

Modul

Sachverhalt

Area who only wish to work in Germany temporarily and occasionally do not require an official permit. However, you must register your work with the competent authority. The responsible body will issue further information.

You can claim free advice in relation to having your foreign professional qualifications recognised. You have a legal claim to this advice. The specially trained employees of the advice locations named below will discuss your options in relation to your qualifications and will recommend the most sensible course of action. They will also support you with submitting the application and putting the necessary documents together.

Erforderliche Unterlagen

Kosten

Up to 350.00 EUR

Verfahrensablauf

The responsible body will check whether your qualifications which are obtained abroad are equivalent to the relevant German ones.

Your qualifications will be recognised as being equivalent if there are no significant differences between your foreign qualifications and the relevant German ones.

Alongside the qualifications, the responsible body will also take the professional experience you have

Modul	Sachverhalt
	obtained in Germany or abroad into account. Any significant differences in relation to professional qualifications can be compensated by relevant and extensive vocational experience. You receive the permit if your qualifications are recognised as being equivalent and the other requirements are fulfilled. Should significant differences exist between your qualifications and the German reference qualification you can participate in compensation measures (examination or adjustment course) in order to attain equivalence. You can obtain further information from the responsible body.
Bearbeitungsdauer	Maximum of 4 months The time period starts to run at the time of submission of the complete documentation.
