Teaser	Construction work on public roads that affects normal traffic must be specially secured.
Volltext	Construction work on public roads that affects normal traffic must be specially secured. You need a traffic order to carry out the work. Among other things, this ensures that • safe traffic management is guaranteed and • the flow of traffic is affected as little as possible.
Erforderliche Unterlagen	• complete application This also includes other necessary documents such as a traffic sign plan, site plan, photos or sketches, which you must submit to the authorising authority on request. • RSA qualification certificate in accordance with MVAS 99 RSA stands for guidelines for traffic safety at road works. Every person who carries out road safety measures must be qualified in accordance with the MVAS 99 Code of Practice.
Voraussetzungen	You plan work on public roads and thereby influence traffic.
Kosten	Depending on the fee regulations and the workload of the responsible authority. They take into account, among other things

Modul	Sachverhalt
	• The nature and extent of the impact on the road • the economic interest of the applicant • Duration of the restriction of the road space Information can be obtained from the competent authority.
Verfahrensablauf	Apply for the traffic order from the relevant road traffic or building authority. You can do this in person, in writing or digitally. The local road traffic authority will work out the authorisation requirements together with • the person making the application, • the other authorities affected by the planned construction project and • the police. As the person submitting the application, the police will issue you with the approved application in the form of a traffic order, possibly with conditions and requirements.
Bearbeitungsdauer	depending on the type, location and scope of the construction work (see also under "Deadlines")
Frist	Submit the application in good time, as the approval process can take up to 2 months for measures that require extensive coordination.
