- You or your representative visit the registration authority during opening hours.
- You present the necessary documents on site.
- You can decide whether you want to continue using the vehicle's previous licence plate or whether you want to select a new licence plate.
- The registration authority will check the documents.
- After a successful check, the registration authority will issue a new registration certificate Part I and give it to you together with the new stickers (main inspection and stamp sticker).
- The licensing authority issues or amends the registration certificate Part II and hands it over to you.
